### Document Financial Table

Documents that have a zero DOC BALANCE on the Document Record Inquiry screen (S064), at a detail and summary level, will be archived provided no activity has occurred in FY 2004 and 2005, and no payments related to the documents are outstanding.

System users will no longer be able to view archived documents on the following R★STARS screens:

As a result of this archive process, all related transactions on the Accounting Event (AE) table will be moved to the Inactive Accounting Event (INAE) table when the monthly inactivation of AE is performed.

In addition, a report will be generated (DAFRDZAR) which will provide a listing of all archived documents. The report will be available in RMDS and will sort the archived documents by agency and document number.

### **ADPICS Direct Voucher**

Direct Voucher data will also be archived for FY 2003. Only Direct Voucher data for FY 2004 and later will be accessible via FACS ADPICS on-line inquiry screens.

The report DAFRDVCK will be available on the morning of Tuesday, August 2, so that agencies can review their open FY 2003 Direct Vouchers on the Document Financial Table screen (S064).
